

WHARITI RD RALLYSPRINT
LETTER OF ACCEPTANCE
Supplementary Regulations – Part Two

We are pleased to advise that your entry for this event has been accepted. Your competition number is shown on the accompanying Seeding Order sheet. Please check this and ensure that your Class is correct. Please advise the Secretary immediately if changes are required.

Documentation and Scrutineering is at the service area, base of Whariti road between 0730 hours and 0830 hours on Sunday, 2 March 2014. Quad competitors documentation will be run by the Wade Taylor and his team.

No late documentation will be permitted.

Hopefully you have worked out how to get to the event. If you think you might have trouble give Daniel a call, or check Google maps. Please get there before 0800 hrs to help those running documentation.

Drivers' Briefing will be held at 0915 hours adjacent to event HQ at Start Line Control (Whariti Road). A Roll Call will be taken – this includes cars and quads. You must attend. Please remember that you will need to bring your vehicle, in numerical order, to the Start Control, before the start of Driver Briefing. The Observation run will commence immediately after the Briefing at approximately 0930 hours.

Start Order – Car No 1 will be starting at approximately 1000 hrs and all competitors will run as per the Start Order sheet given to you at Documentation. Cars then Quads. If you are not in order the COC has discretion whether you may run or not. This is to ensure that everyone gets the maximum number of runs, and also if you happen to go "off" you can be found much quicker because we will be looking for you to pass each marshal point in your appointed order.

Service Park – The Service Park will be in the paddock (on the left hand side) adjacent to the Start Line. If it is too wet then we will have to use Bushmill Road as the Service Park – the maximum speed is 15kph. Please park on the left hand side of the road only. Parking is always at a premium – so please do not take more space than you really need. Do not use Bushmill Rd to warm up or test your vehicle! Anyone caught may be excluded.

The car clubs little portable loo in a tent will be set up in the Service area if you need it. We suggest you make use of a toilet before you get to the venue. Woodville isn't too far away if you need something a bit flasher.
